ABOUT

As part of the City's updated Public Safety Strategic Plan, one of the solutions the City continues to work toward is utilizing technology to make neighborhoods safer. Cameras are proven to be a useful form of technology in the Sheriff's crime prevention and crime solving efforts. The City and Sheriff's Department have negotiated a subsidy with Ring.com to provide RPV residents with a discount on select devices. The device limit is 3 products per household. This program will run until July 31, 2017 or until funding is longer available. The City Council has allocated \$100,000 for this program.
