## OPEN SPACE ACQUISITIONS REVIVE NCCP EFFORTS

### CITY CAN NOW SUBMIT PLAN TO RESOURCE AGENCIES

This is fourth in a series of articles about the City's participation and lead role in the Natural Community Conservation Planning Act (NCCP). The NCCP is a State program that encourages the preparation and implementation of large-scale habitat conservation plans. These plans identify and provide for the area-wide protection of natural wildlife while allowing for compatible and appropriate local uses. Because the City contains a number of sensitive plants and animals that are protected by State and Federal laws, the City entered into a NCCP planning agreement with the California Department of Fish and Game and the U.S. Fish and Wildlife Service to develop a NCCP subarea plan that will encompass the entire City.

As the lead agency of the Palos Verdes Peninsula NCCP, the City is responsible for developing an inventory of all known biological resources and using this information to develop a habitat preserve. So far, the City has completed Phase I of the Plan, the primary focus of which was to map existing sensitive plants and animals and the distribution of protected species and their potential habitat, and to then use this information to develop alternative habitat preserve designs.

Phase II of the Plan has been underway for the last 2 years. It involves an economic and biological analysis of the habitat preserve designs for the purpose of identifying the City's preferred preserve alternative. A major breakthrough in the process occurred in 2001, when the City and the Palos Verdes Peninsula Land Conservancy (PVPLC) announced the proposed purchase of approximately 700 acres of privately owned property in the Portuguese Bend area of the City. The City's preferred preserve alternative has been amended to reflect the proposed acquisition and a Subarea plan has

been drafted with this new preserve as its basis. The Subarea plan is the document that identifies the habitat that is to be conserved, the responsibilities and mechanisms for managing the habitat preserve and the funding mechanisms for acquiring and managing the preserve.

In March 2003, the draft preserve design and the implementing strategies of the draft Subarea Plan were conceptually approved by the City Council and submitted to the State and Federal Resource Agencies. Conceptual approval of the City's NCCP is a necessary step for securing the state and federal

monies needed to acquire the privately held open space that will become the core of the habitat preserve. This summer, an Environmental Impact Report is scheduled to be prepared and public hearings held to gain public input before finalizing the preserve map and Subarea NCCP Plan.

A description of the NCCP Program, with status updates, is available for viewing on the City's website at [www.palosverdes.com/rpv/planning](http://www.palosverdes.com/rpv/planning). A copy of the draft NCCP preserve design and Draft Subarea Plan may be viewed and obtained from the website. Residents who want to receive notices of upcoming NCCP Planning Group meetings or any other public notices regarding this program via e-mail, should subscribe to the NCCP listserv group. Instructions for signing up are at the same website address, at the end of the NCCP Program information.

## THE VEHICLE LICENSE FEE PROMISE

The City is urging the Governor and the Legislature to keep a promise—one the Governor and the legislature made to the people of California and its cities and counties five years ago. It was made in 1998, during better economic times, when the Vehicle License Fee (VLF) reduction was enacted. The promise was simple: if the state could no longer afford to fund the VLF reduction, the VLF would be restored so vital city and county public health and safety services would not be threatened.

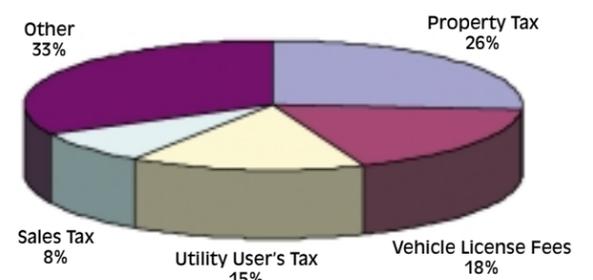

Since 1935 cities and counties have received the VLF in lieu of locally collected property taxes on vehicles.

For Rancho Palos Verdes the VLF revenue represents approximately \$2.4 million of our \$13.3 million general fund for fiscal year 2002-03. To put it in perspective, our payment to the Los Angeles County Sheriff to provide basic public safety is approximately \$2.9 million this year. The VLF, therefore, is a critical component of funding vital services.

In 1986 the voters by an 81.8% margin passed Proposition 47, pledging the proceeds of the VLF to funding local government services. The 1998 law that reduced the VLF by two-thirds did not change this policy; it simply committed the state general fund to financing the difference between the reduced VLF paid by the vehicle owner and the full VLF. The same law provides for the restoration of the VLF if insufficient funds are available in the state general fund to afford the VLF "offset." By all indications, that time has come.

The City recognizes that during these difficult times, sacrifices are necessary. But cutting more than \$4 billion in VLF backfill funds would disproportionately shift the state's fiscal problems onto our local governments and would jeopardize essential locally delivered public health and safety programs and services. For our city, it would mean the loss of approximately \$1.6 million annually, or about 12% of our General Fund budget. The resulting shortfall in revenues could mean reduction in public safety services and in roadway maintenance programs, our two largest budget items. Whatever programs were reduced would mean the loss of jobs for public safety and construction workers and engineers, planners and accountants.

### General Fund Revenues

In the five years of state budget surpluses, local governments did not receive a proportionate benefit or any significant funding increases. No state program or department has been asked to shoulder such a disproportionate share of the budget pain as have local governments.

At their meeting of February 4, 2004 the City Council discussed the impacts of the loss of VLF and adopted a Resolution Urging the Restoration of this fee in order to maintain our current level of services.

# JULY FOURTH CELEBRATION

TRADITIONAL CELEBRATION CONTINUES AT CIVIC CENTER

Each year the City hosts a July 4th Independence Day Celebration—this year the tradition continues with our 28th annual celebration on Friday, July 4th.

Located at the Pt. Vicente Park/Civic Center, 30940 Hawthorne Boulevard, this day of family fun begins at 11:00 a.m. with nonstop enjoyment until 5:00 p.m. Mark your calendar now as a reminder to bring your family and friends to celebrate America's Happy Birthday.

The country western band "Sweet Surrender" and the Palos Verdes Symphonic Band, performing patriotic and popular musical selections, will inspire celebrants to

take to the dance floor. Always popular are the arts and crafts area for shopping, hula hoop and pie eating contests, and a midway featuring a wide variety of rides and games for all ages, and helicopter rides for those eager to get a bird's-eye view of the our City's coastline.

Traditional attractions include the Jim Gamble's puppet show, a petting zoo, pony rides, dog acts and obedience demonstrations, and information booths sponsored by local civic organizations, and a food court.

Admission is free and complimentary shuttle service along Hawthorne Boulevard between Ralph's Market and the Golden Cove Center will be provided. On-site parking is available for \$2.00.

The City has worked for several years to reduce its subsidy of this event by soliciting sponsors and donations of merchandise. Several homeowner associations and area businesses have been long-time supporters of this event. For information on how you can add your support to this local community event, please call 544-5260.

For vendor or booth information and applications, call Conte Productions at (310) 781-2020. For general information and/or donations, call the Recreation and Parks Department at (310) 544-5260.

# LOCK THE DOORS ON YOUR WAY OUT

AND DON'T FORGET THE WINDOWS!

The latest crime statistics from 2002 show an increase of 5.3 percent for the largest cities and counties in the United States. Violent crime rose 0.8 percent and property crimes, (burglaries and thefts), climbed 7.9 percent. California Attorney General Bill Lockyer announced that despite recent advances in technology that have made law enforcement more efficient, we continue to experience an increase in crime. He continued by saying, "There is vigorous debate about the causes of crime increases, but there is no question that the current recession and large increase in California's crime-prone population of males between the ages of 18 and 30 are not helping. . ."

In the face of this rising crime trend, the Los Angeles County Sheriff's Department is looking at severe cutbacks because of the State's budget shortfall, unless alternative funding can be found. At the same time, law enforcement agencies are being asked to be more vigilant due to the increased risk of attacks from domestic and foreign terrorists.

Drug use is also climbing and a major motive for property crimes is the fencing of stolen goods. This year, Lomita Station deputies arrested three individuals who admitted stealing items such as purses, wallets, cell phones, laptop computers, CD's, and briefcases from unlocked cars parked in residential driveways and in unlocked garages. Those thieves drove around during the night and early morning hours and visited secluded or easily accessible homes. They found many unlocked doors, and garage door openers in unlocked cars. When criminals have successful crime sprees, the word gets around and it encourages more theft.

The Sheriff's Department is finding itself more stretched than ever at a

time when crime is rising. Therefore, all residents need to assist in reducing the opportunities for crime in their neighborhood. The Peninsula is vast and filled with thousands of homes and it is unrealistic to think that the Sheriff alone can suppress all crime. The study of crime reports show that there are several things residents can do to lower the risk of becoming a victim.

## PREVENTING THEFTS FROM VEHICLES

- Lock your car doors and roll up the windows every night, all year round.
- If possible, park your car in a locked garage and remove all valuables, this includes garage door openers and CD's.
- Never leave your keys in your car, or your car running while you're away from it.
- Purses and wallets are a special danger to leave inside your vehicle because their theft can lead to identity theft (see Summer 2001 Newsletter).

## RESIDENTIAL BURGLARIES

Lock all doors and windows whenever you leave. (Most residential burglaries occur during warmer days when windows have been left open. A screen is not a deterrent because it's easy to slice open.)

- Sliding glass doors should be secured with a floor bar or, better yet, a floor lock.
- Consider installing an audible burglar alarm.
- Don't leave garage doors open or unlocked, even when you're inside your house.
- Do not leave items of value in unsecured yards and supervise all hired workers.

# A NEW LOOK FOR GOLDEN COVE

FIRST PHASE OF RENOVATION NEARS COMPLETION

A little over three years ago the Planning Commission approved a major, two-phase, renovation to the Golden Cove Shopping Center consisting of three new buildings along Palos Verdes Drive West, facade improvements to the existing two-story building and the former grocery store building, an expansion to the Golden Lotus Restaurant, and improvements to the surrounding parking lot. Since that approval, the only improvements completed in Golden Cove have been the conversion of the former grocery store into the

Peninsula Montessori School. That is no longer the situation.

As of this past September, the shopping center has taken on a new image with scaffolding and temporary fencing surrounding the site for the construction of the first phase of the approved renovations. The three new buildings along Palos Verdes Drive West have been framed, as well as the facade improvements to the existing two-story building. Once the framing is completed and the sheathing is installed, the building facades will be finished with stucco. Soon there-

after, the parking lot will be repaved and restriped, new light fixtures will be illuminated and the parking lot planters will be landscaped. According to the construction project manager, Phase I of the renovations is expected to be completed in late April.

Construction of Phase II, the expansion of the Golden Lotus restaurant, will not occur until after the Planning Commission has had the opportunity to assess the first phase of the renovations.

As with most major renovation projects some temporary inconveniences are to be expected. The City is diligently working with the construction project manager to ensure public safety, while minimizing any

inconvenience the renovations may cause to the merchants and patrons of the Center, as well as to the surrounding neighborhoods. All businesses remain open during the renovations. However, measures have been taken to guide motorists and patrons throughout the shopping center during construction. Therefore, all patrons of the center should obey all posted directional signs and on-site construction personnel.

For questions regarding the renovation activities, contact Ara Mirharian, project planner, with the Planning Department at 310-544-5228 or via e-mail at [aram@rpv.com](mailto:aram@rpv.com).

## COUNCIL ADOPTS POLICY ON MONUMENTS AND MEMORIALS

### PROVIDING A SYMBOLIC REMEMBRANCE

Did you know that Fred Hesse Park and Community Center is named after a City founder, that Robert Ryan Park is named in honor of a former mayor and councilmember, that the Frank A. Vanderlip Park is named after the New York bank executive who purchased the Palos Verdes Peninsula in 1913, and that the McBride Trail located below Ocean Terrace Drive is named in honor of a City resident who constructed it by hand and maintained it for many years. Also, over half of the trees and benches in our City parks were donated by families and friends of deceased loved ones.

Early this year, the City Council adopted a formal policy to accommodate in a meaningful and mutually agreeable way the many requests that the City gets for public memorials. This policy for naming of public facilities and placing of monuments and other memorials is not intended to permit makeshift cemeteries or places of worship, but is a way to provide a symbolic remembrance. In addition, the policy established the "Wall of Honor" for distinguished community leaders who have made substantial contributions to the City.

For those requesting a memorial for someone, there are a number of options ranging from the very discreet to the highly recognized "Wall of Honor."

#### DONATING A PARK BENCH OR TREE

From the City's selected list of tree species and park benches, the City will plant a tree or install a bench at a location to be determined by the City. The private party will be responsible for all costs associated with the design, installation and maintenance of the memorial park bench or tree and any inscription.

#### DONATING A MONUMENT

The City Council will consider approving a discreet, unobtrusive monument, such as a large rock approximately 4 cubic feet in

size, on public property if the person to be memorialized is highly revered by a significant number of residents for his or her contribution to the City and if there is a strong association between the person and the area of the proposed monument site. The City will perform the installation work and the requestor will be responsible for costs associated with the design, maintenance and installation of the monument at a location determined by the City.

#### NAMING OF A PUBLIC FACILITY

On rare occasions, the City will consider naming a City facility in honor of an individual or community organization based upon the proposed honoree's exceptional contributions to the City in terms of financial gifts, public service as an elected official or community volunteer, or long-term sponsorship agreements. Another significant factor for consideration is the relative impact of the honoree's contributions toward the City facility to be named. Only currently serving councilmembers may nominate an individual for this honor and the City Council will make the decision.

#### WALL OF HONOR

This top honor is reserved for deceased community leaders whose exceptional achievements and contributions have made a notable, lasting impact upon the City's quality of life as envisioned by the City's General Plan. Nominees must have had a significant presence in the community throughout a good portion of their life. Only current councilmembers may nominate a citizen, who has not been previously honored by the City, for approval by the City Council. The "Wall of Honor" will have the special distinction of limiting the number of honorees to the number of years the City has been incorporated.

For more information on this new City policy, contact the City Manager's Office at 544-5205.

Continued from Page 2

## LOCK THE DOORS ON YOUR WAY OUT

- When hiring individuals, get a full name, address, and telephone number and verify their information before they start working.

#### MAIL BOX THEFTS: STEAL YOUR MAIL, STEAL YOUR IDENTITY

When mail is stolen, it's often a double whammy. First, the victim loses their mail, and then they often have their identity stolen. Help protect yourself by moving your mailbox closer to the house, if possible.

- Install a lock on your mailbox, or buy one with a locking mechanism.
- Purchase an audible mailbox alarm.
- Don't put outgoing mail in your mailbox for the postal carrier to pick up. (Neither should you use the red flag to signal that there is mail inside. Drop all your

outgoing mail at the post office.)

- Pick up your incoming mail daily, and as close as possible to the time of delivery.

If enough residents follow these suggestions, it will present less opportunity for criminals to steal. The Sheriff's Department will continue to provide the best law enforcement service possible and will continue to work hard to reverse the rising crime trend. With the help of residents they can make a significant difference in keeping the City's neighborhoods safe.

Finally, don't hesitate to call the Lomita Sheriff's Station about any suspicious persons or vehicles hanging around your neighborhood. (310-539-1661). The Sheriff will check them out and find out if their reason for being where you saw them is legitimate.

## DOG LICENSING AND RABIES VACCINATION CLINIC

Pet owners are encouraged to take advantage of the Dog Licensing and Rabies Vaccination Clinic to be held at City Hall on June 26th from 7:00 p.m. to 8:30 p.m. County Animal Control officers will be on site to assist with dog license renewals or the purchase of new pet licenses. The Southern California Veterinary Medical Association will be offering low cost rabies vaccinations for dogs, at least 4 months of age, and

the 6 in 1 vaccination, which includes Distemper, Hepatitis, Leptospirosis, Parainfluenza and Parvovirus.

To be eligible for the reduced dog license fee, pet owners must have their pet's Certificate of Sterility and proof of current rabies vaccination.

For more information contact the City Manager's Office at 544-5205. For those pet owners unable to attend the Clinic, a dog license application can be downloaded from the County's website at <http://animalcontrol.co.la.ca.us>.

## HOUSEHOLD HAZARDOUS WASTE AND E-WASTE ROUNDUP

### GET STARTED ON SPRING CLEANING

For the past several years the City has hosted a household hazardous waste roundup at the City Hall/City Yard. This year the roundup will also include electronic waste (E-Waste).

Mark your calendar for Saturday, May 17, from 9:00 A.M. until 3:00 P.M. City Hall is located at 30940 Hawthorne Boulevard.

#### HOUSEHOLD HAZARDOUS WASTE

Acceptable for the round-up are paint and solvents, used motor oil and filters, anti-freeze and other automotive fluids, household cleaning products, pool and garden chemicals, aerosol cans, all medicine, household and car batteries, mercury and propane. There is a limit of 15 gallons or 125 pounds per vehicle.

Sanitation District personnel will not accept any waste from commercial enterprises, ammunition, explosives, radioactive material, biological waste, tires, or trash.

#### ELECTRONIC WASTE

Acceptable electronic items for disposal at the round-up are computer monitors, CPU's, printers, network equipment, cables, telephones, TV's, video games, cell phones, radios,

stereos, VCR's, answering machines and electronic toys. They can be in working or non-working condition. Again, only household electronic waste will be accepted and there is a limit of three CRT's per household, per vehicle.

Items such as appliances (refrigerators, washing machines, microwaves and ovens) are not accepted, and neither is furniture, paper or computer software. Items such as these, if there are in good and working condition, can be donated to a charitable organization such as the Goodwill or the Salvation Army. For items not accepted by these organizations, call your waste hauler and schedule a pick-up appointment.

If you have several items, put them in a box in the trunk of your car. If possible, put small items in their original container. There is no need to get out of your car; round-up personnel will remove the unwanted items from your car or trunk.

There is no charge for this disposal of your household hazardous and electronics waste. All items will either be disposed of properly or reused or recycled.

## CURBSIDE PICKUP OF USED MOTOR OIL

### WASTE HAULERS SUPPLY CONTAINERS FOR PROPER DISPOSAL

Used motor oil must be disposed of properly and cannot be dumped into the trash, the curb gutter or down the drainpipe. Neither can it be left in a plastic bottle or tin can. It must be stored in a sealed container and residents can get these containers free of charge from their waste hauler, Ivy Rubbish or Waste Management. This sealed container should then be left curbside

for pick-up on the first pick-up of the week.

**RECYCLE  
USED OIL**

Cardboard floor mats, funnels, used oil containers, oil drain pans and zip lock bags for your old oil filters are also available free of charge from your waste hauler. Waste Management can be reached at 1-800-774-0222 and the telephone number for Ivy Rubbish is 310-379-1024.

## JOB OPPORTUNITIES

### YEAR-ROUND / PART-TIME RECREATION LEADER

The City of Rancho Palos Verdes Recreation and Parks Department is accepting applications for the position of Recreation Leader, with a pay range of \$7.69 - \$9.99 per hour.

Opportunities are also available for working with REACH, a dynamic program for youth, teens and adults with developmental disabilities. Program hours are weekday evenings and weekends.

Applicant must be a high school graduate, have a valid California Driver's License, and be at least 18 years old.

Call 310-377-0360 for City application

If you enjoy working with the public in a variety of park settings, learning about the daily operations of local government, and maintaining a work schedule, apply NOW!

## ENERGY REWARDS... SAVE NOW AND SAVE LATER

### GET A DISCOUNT ON HOUSEHOLD APPLIANCES

The City of Rancho Palos Verdes proudly supports Energy Rewards™, a groundbreaking pilot program that pairs cooperative government mobilization with South Bay businesses and consumers. This win-win program creates greater energy efficiency and savings for residents of single-family homes and multi-family dwellings, improves sales revenues for retailers through a point-of-purchase coupon program and delivers a big plus for the environment.

You can save money now on energy efficient household products by calling Energy Rewards™ at 888-467-7776 or visiting online at [www.energyrewards.org](http://www.energyrewards.org) for more information on participating retailers, products, and your eligibility. Typical discounts include \$20 off ceiling fans, \$50 off dishwashers, \$75 off clothes washers, \$100 off single family space gas furnaces, and much

more. These coupons are redeemable only at the time of purchase for Energy Star rated products at participating retailers in the South Bay.

If you own a multi-family dwelling, like an apartment complex, in the South Bay, you may be eligible to save on lighting improvements for common areas of your property. To find out if you qualify for this special opportunity, speak with an energy rewards specialist at 310-306-4426.

In honor of Earth Day, volunteer to help promote this program and energy conservation to members of your service or community organization in the South Bay. Your level of commitment is your choice. Residents interested in volunteering should contact Gina Park in the City Manager's Office at 544-5205 to sign up for an informational meeting and to receive a community outreach tool kit.

## MEMORIAL DAY AND JULY 4TH HOLIDAY TRASH SCHEDULE

### WASTE MANAGEMENT

**March and April 2002:** No Changes

**May 2003:** There will be no trash or recycling service on Memorial Day, May 26th. Monday-Thursday areas will be serviced on Tuesday (May 27) and Thursday (May 29). Tuesday- Friday areas will be serviced on Wednesday (May 28) and Friday (May 30).

**June 2002: No Changes**

**July 2002:** There will be no trash or green waste service on Friday, July 4th. Monday-Thursday areas will not be affected. Tuesday-Friday areas will be serviced on Tuesday (July 1) and Saturday (July 5).

### IVY RUBBISH DISPOSAL

**March, April, May and June 2002:** No Changes

**July 2002:** There will be no change in the trash collection. Recycling will not be picked up on Friday July 4th but will be picked up instead the following Friday.

DON'T BE A MISSED PICKUP.  
LEAVE YOUR CANS OUT AT THE CURB  
BY 7 A.M. ON PICKUP DAY.

## TROUBLED BY EXCESSIVE AIRCRAFT NOISE?

You are encouraged to file a complaint when you experience a disturbing noise event by doing one or all of the following:

1. Call the LAX Noise Line at 310-646-6473 (or 64-NOISE).
2. Send a Noise Complaint Form on-line at [www.lawa.org](http://www.lawa.org). From the Los Angeles World Airports Web Page, click on "Noise Management" and then the link to "LAX Noise Management".
3. Write a letter to FAA Administrator Marion C. Blakey, Federal Aviation Administration, 800 Independence Avenue, S.W., Washington, DC 20591

Be specific in your information.

Use the on-line flight tracking system on the LAWA website at [www.lawa.org](http://www.lawa.org) to identify the type of aircraft or airline.

If you want to become active in working toward a solution, join P.A.N.I.C (Peninsula Aircraft Noise and Safety Information Committee). Visit their website at [www.palosverdes.com/panic](http://www.palosverdes.com/panic) or call Beverly at 541-3026 for more information.

For general information, you may contact Gina Park in the City Manager's Office at 544-5205.

## SPRING 2003 RECREATION CLASSES OFFERED AT CITY PARKS

Spring is here! Time to brighten your outlook and re-energize your life! To register for a class at one of the City's park sites, call the instructor at the phone number below. Some of these instructors have registration information at Hesse Park Community Center, located at 29301 Hawthorne Boulevard, Rancho Palos Verdes.

<b>Cherie Ackerman</b> Tap Dancing for Adults (Adult) Jazz, Ballet, Tap, Tumble, Tap & Tumble, Combo Dance (Ages 4 - Teen)	<b>(310) 547-5073</b>
<b>Animation Design Center</b> Animation Design classes (Ages 9 - Adult)	<b>(310) 782-2853</b>
<b>Ann Bosma</b> Aerobic Dancing: Lite Impact (Adult)	<b>(310) 375-2064</b>
<b>Jacquelyn Fernandez</b> Exercise & Fitness (Adult)	<b>(310) 377-2965</b>
<b>Bonnie Keenan, MFCC</b> Project: Just Me (Adults) Communication 101: A Tool Kit of Basic Skills (Adults) Creating Healthy Relationships (Adults)	<b>(310) 265-6644</b>
<b>Karin Koralek</b> Yoga (Adult)	<b>(310) 374-6612</b>
<b>The Language Connection</b> Spanish classes (Youth)	<b>(310) 318-8470</b>
<b>Jensu Mark</b> Tai Chi Chuan (Adult)	<b>(310) 397-6275</b>
<b>Jeanne Murphy</b> Ladies Exercise (Adult)	<b>(310) 377-8507</b>
<b>Sachiye Nakano</b> Bones for Life (Adult)	<b>(310) 544-1624</b>
<b>Michele Nardone</b> Suzuki Violin Group classes (Youth, Adults)	<b>(310) 374-7385</b>
<b>Walt Ordway</b> Amateur Radio for Beginners (Teen, Adult)	<b>(310) 541-4007</b>
<b>Barry Sacks</b> Mommy & Me (Ages 18 - 30 months) Wee Tots (Ages 2 - 4) / Outdoor Adventures (Ages 5 - 10)	<b>(310) 519-4622</b>
<b>Suika Education, Inc.</b> Suika Baby Club (Ages Newborn - 3) / Suika Toddlers Club (Ages 3 - 5)	<b>(310) 323-5221</b>

The Recreation & Parks Department is seeking instructors for a variety of classes for all ages. If you are interested in teaching at one of the City park sites, please call the Recreation Supervisor at (310) 541-8114.

## RPV SUMMER PARK HOURS

<b>Abalone Cove Shoreline Park</b> Mon. - Fri. 12:00 noon - 4:00p.m.	Sat. & Sun. 9:00a.m. - 4:00p.m.
<b>Fred Hesse Community Park</b> Mon. - Fri. 9:00a.m. - dusk	Sat. & Sun. 10:00a.m. - dusk
<b>Ladera Linda Community Center</b> Mon., Wed., Fri. 1:00p.m. - 5:00p.m.	Sat. & Sun. 1:00p.m. - 5:00p.m.
<b>Point Vicente Interpretive Center</b> The Interpretive Center building and some of the adjacent grounds are temporarily closed The South Lawn is open from 10:00a.m.-5:00p.m. daily	
<b>Robert E. Ryan Community Park</b> Mon. - Fri. 12:00 noon - dusk	Sat. & Sun. 10:00a.m. - dusk

All parks in the City may be enjoyed by the public from dawn to dusk.  
The leash law is enforced at all City parks.
