

RANCHO PALOS VERDES

Drones & Helicopters

In consideration of granting permission to film in the City of Rancho Palos Verdes, Drone and Helicopter requirements for the City of Rancho Palos Verdes film permit are as follows:

- i. Use of a drone for filming requires the submittal of the drone operator's license and drone registration, a separate insurance certificate listing the City as an additional insured and a plan of activities, showing the operational area/flight plan for the drone
- ii. The following conditions shall be applied to a film permit involving the use of a drone:
 - Permittee shall provide evidence of Federal Aviation Administration (FAA) approval for the use of the drone. Permittee shall comply with all conditions and restrictions imposed by the FAA
 - Drone shall not be operated within three hundred feet (300) of nearby residences adjacent to the filming location or City rights-of-way, parks or other property
 - Drone shall be operated during daylight hours only
- iii. **Helicopters** may not land at any location in the City other than the helipad at City Hall
 - Helicopters may not be used for filming in the City, other than for landing/taking off from the City Hall helipad
