VII. NEW BUSINESS

A. QUARTERLY LAW ENFORCEMENT/TRAFFIC/COMMUNITY OUTREACH REPORT (LA COUNTY SHERIFF'S DEPARTMENT)

Los Angeles County Sheriff Captain James Powers summarized the 4th Quarter Law Enforcement Update of 2021. He noted an error in the report, explaining that the average DUI arrests for the Peninsula shown as one should be corrected to two.

Captain Powers summarized the crime statistics for Rancho Palos Verdes (RPV), highlighting the increase in larceny theft and grand theft auto, and noting that there were 14 grand theft autos and 14 grand theft auto arrests during this period.

Captain Powers summarized the crime statistics for Rolling Hills Estates (RHE), highlighting the increase in larceny theft, largely attributed to the increase in smash-and-grabs throughout southern California during the holiday season. He reported that some arrests were made, but noted that many of the larger businesses have a delay in their reporting process which creates obstacles in making arrests for these crimes. Discussion ensued about the challenges with current process.

Vice Chair Zerunyan expressed concern about the health and safety of the community, and suggested the consideration of additional business license fees within the cities for businesses who do not cooperate, due to the increased risk they are placing on the cities.

Captain Powers explained that there is no legal obligation to report a crime, that anyone can report a crime including an innocent bystander, and that if a non-victim reports a crime, the victim is not obligated to cooperate, in response to Member Wilson.

City Manager Mihranian also noted the string of thefts that occurred at the Golden Cove Shopping Center in January.

Member Dieringer commented that if corporations have a practice of not reporting crimes, it could create an attractive situation for criminals and could draw more crime to the Peninsula which would be a danger for our residents. She echoed the sentiments of Vice Chair Zerunyan, suggesting researching with the City Attorneys options for a public safety tax imposed on businesses that do not call the police therefore endangering residents.

Captain Powers summarized the crime statistics for Rolling Hills, noting one larceny theft and one threatening phone call report. He noted that a few emergency response calls were in the 10 minute range but there was nothing out of the ordinary related to accessibility on these calls.

**B. QUARTERLY MEDICAL TRANSPORT RESPONSE TIMES REPORT
(RH)**

Rolling Hills Senior Management Analyst Ashford Ball explained the restructuring of the response time reports for Los Angeles County Fire Department and McCormick Ambulance, and introduced Los Angeles County Fire Department Acting Assistant Chief Brian Bennett.

Chief Bennett summarized the Fire Department response time reports for each city, and noted that the increase in COVID-19 numbers in December and January greatly impacted response times.

Chief Bennett reported that LA County Fire lost another member, a fire Captain, earlier that morning and that a strike team was sent down to support local fire departments on the Laguna Beach fire that morning. He also expressed his sincere appreciation to the Peninsula community and RPV staff for their support following the loss of LA County Fire Fighter Jonathan Flagler in the RPV fire in January.

Member Wilson expressed his condolences for another loss for the Department, and inquired why the report showed a negative number for the Interquartile Range for RHE. Chief Bennett said he would look into this and report back.

Member Dieringer expressed her condolences regarding the Department's losses. In light of the challenges COVID-19 has presented to emergency response services, she inquired if there was anything elected officials could do to ensure the Department is able to provide the quickest services possible to the residents on the Peninsula. She further inquired about the average response times listed in the presentation, wondering what the range of response times were and if there were any outside of the acceptable range. Chief Bennett stated that he can provide a range for each category in the future, and noted that during this time period no Fire Department responses were outside of the State required time ranges.

Chief Bennett explained that COVID-19 case numbers within the Department are improving so staffing shortages are less of a problem now, but that there is an ambulance shortage statewide.

Captain Powers noted that the death that occurred last week on Member Dieringer's street was a natural cause death not related to response times, in response to Member Dieringer.

Senior Management Analyst Ball summarized the Westmed/McCormick Ambulance response time report for the 4th quarter.

Chair Zuckerman and Member Wilson left the meeting at 10:00 a.m. Vice Chair Zerunyan chaired the remainder of the meeting.

Member Dieringer inquired about the low compliance in response times from McCormick within the City of Rolling Hills, requesting a verbal report at the next meeting from McCormick with the reasons for the non-compliant calls so the Committee can address if there is a systemic issue.

VIII. OTHER MATTERS FROM REGIONAL LAW ENFORCEMENT COMMITTEE MEMBERS

None.

IX. ADJOURNMENT

Motion by Member Dieringer, seconded by Member Wilson to adjourn the meeting. There being no further business Vice Chair Zerunyan adjourned the meeting at 10:02 a.m. The next meeting is scheduled to be held on Thursday, May 12, 2022, beginning at 7:30 a.m.
