

## Help Provide Input on the Trails at Upper Filiorum

The City of Rancho Palos Verdes and the Palos Verdes Peninsula Land Conservancy, with support from the State Coastal Conservancy and contributions from over 700 supporters in the community, added the 191-acre Upper Filiorum property to the Palos Verdes Nature Preserve on December 31, 2009. The acquisition resulted in over 900 contiguous acres of protected open space and a wildlife corridor linking the Three Sisters and the Portuguese Bend Reserves. The City Council adopted Preserve Trails Plan will need to be amended to include the Upper Filiorum trail routes and uses, and your input on the trail planning is requested.

Please join us at the upcoming workshops to provide your input on trail planning for the new portion of the Preserve.

**Wednesday, Sept. 8, 2010** – *obtain public feedback on potential trail routes and uses*
